Global Search Results for All Patrons

This screenshot shows the search results for 'cell' on the Britannica Library website. The search bar at the top contains the word 'cell'. Below the search bar, there are three buttons for reading levels: Level 1, Level 2, and Level 3. A callout box points to these buttons with the text: 'Articles are available at different reading levels! Select Level 1 for Kids, Level 2 for Teens and Level 3 for Adults, or all 3 reading levels!'. Another callout box points to the search results with the text: 'View results based on content.' The search results show two articles: 'cell (biology)' and 'stem cell (biology)'. A third callout box points to a link that says 'TRY THIS SEARCH IN ImageQuest' with an arrow, with the text: 'If your library subscribes to ImageQuest, click here to find additional images related to your search.' The left sidebar contains icons for ARTICLES, IMAGES, VIDEOS, DICTIONARY, EBSCO JOURNALS, and WEB'S BEST SITES. At the bottom, there are four image thumbnails related to the search.

Encyclopaedia Articles

This screenshot shows the full article page for 'Cell' on the Britannica Library website. The article title 'Cell' is at the top. Below the title, there are three buttons for reading levels: 1, 2, and 3. A callout box points to these buttons with the text: 'Jump to different reading levels within the article.' The article text begins with 'The smallest unit of living matter that can exist by itself is the cell. Some organisms, such as bacteria, consist of only a single cell. Others, such as humans and oak trees, are composed of many billions of cells.' A callout box points to the article's metadata and related resources with the text: 'Check out article information, multimedia, and related articles.' At the bottom, there is a definition box for 'cel' (noun) with a Spanish translation and a link to 'See full definition'. A callout box points to this definition box with the text: 'Double click on any word to get the definition and the Spanish translation.' The article also includes a diagram of a cell and a video thumbnail.
